Objectives

The student who successfully completes this program will be able to:

1. Demonstrate growth in discipleship toward spiritual maturity as evidenced in Galatians 5:22-23 and John 15:8 in his or her life and ministry.

2. Demonstrate a working knowledge of the Bible and theology at the level presented in this program.

3. Demonstrate an increasing ability to exercise ministry according to his or her giftedness.

Intensive discipleship (being) plus foundational Bible and theological input (knowing) leads to ministry (doing). Each believer has gifts, talents, and skills that are to be used in the Kingdom of God. How It Works

Inste Bible College’s methodology is simple but super effective. There are two important components:

**Individual Study**

Using the INSTE interactive textbook and your Bible you will dedicate one hour a day, five days a week, to study and prayer. The purpose of this time is to:

1. develop a consistent devotional time in which you come to know God in a vibrant personal way,

2. acquire a solid knowledge of the Bible that will feed your spiritual life and

3. help you develop a Christian worldview.

**Weekly Meetings**

Once a week you will meet with your small group (no more than ten) to discuss what you have learned, share experiences with your fellow disciples, and encourage one another in your spiritual walk. The purpose of this time together is to develop relationships with fellow believers. We call this “one anothering.”
